**COUNT I**  
**INFRINGEMENT OF U.S. PATENT NO. 5,978,440**

7. Plaintiff is the owner by assignment of United States Patent No. 5,987,440 ("the '440 Patent") titled "Personal Information Security and Exchange Tool." The '440 Patent issued on November 16, 1999. A true and correct copy of the '440 Patent is attached as Exhibit A.

8. Upon information and belief, Defendants have been and are now infringing the '440 Patent in the State of Texas, in this judicial district, and elsewhere in the United States, by, among other things, directly or through intermediaries, making, using, importing, providing, supplying, distributing, selling, and/or offering for sale apparatuses and systems for providing, a

computer-implemented system for asserting informational privacy and self-determination, a plurality of electronic entities, each electronic entity comprising secured personal data and exchange rules governing access to said information, providing trusted processing between two electronic entities, for the purpose of securely computing each entity's privilege rules and determining whether an exchange of some or all personal data will occur, covered by one or more claims of the '440 Patent to the injury of CYVA. Defendants are directly infringing, literally infringing, and/or infringing the '440 Patent under the doctrine of equivalents. Defendants are thus liable for infringement of the '440 Patent pursuant to 35 U.S.C. § 271.

9. On information and belief, to the extent any marking was required by 35 U.S.C. §287, all predecessors in interest to the '440 Patent complied with any such requirements.

10. As a result of Defendants' infringement of the '440 Patent, Plaintiff has suffered monetary damages and is entitled to a money judgment in an amount adequate to compensate for Defendants' infringement, but in no event less than a reasonable royalty for the use made of the invention by Defendants, together with interest and costs as fixed by the court, and Plaintiff will continue to suffer damages in the future unless Defendants' infringing activities are enjoined by this Court.

11. Unless a permanent injunction is issued enjoining Defendants and their agents, servants, employees, representatives, affiliates, and all others acting on in active concert therewith from infringing the '440 Patent, Plaintiff will be greatly and irreparably harmed.

**PRAYER FOR RELIEF**

WHEREFORE, Plaintiff respectfully requests that this Court enter:

1. A judgment in favor of Plaintiff that Defendants have infringed the '440 Patent;

2. A permanent injunction enjoining Defendants and their officers, directors, agents servants, affiliates, employees, divisions, branches, subsidiaries, parents, and all others acting in active concert therewith from infringement, inducing the infringement of, or contributing to the infringement of the '440 Patent, or such other equitable relief the Court determines is warranted;

3. A judgment and order requiring Defendants pay to Plaintiff its damages, costs, expenses, and prejudgment and post-judgment interest for Defendants' infringement of the '440 Patent as provided under 35 U.S.C. § 284, and an accounting of ongoing post-judgment infringement; and

4. Any and all other relief, at law or equity, to which Plaintiff may show itself to be entitled.
